

# SIZE CHART

How to measure your body for size

### NECK

Measure around your neck at the point where a shirt collar band encircles the neck.

### CHEST

Place tape measure up under arms and measure the fullest part of the chest, keeping tape parallel to the floor.

### WAIST

Tape measure should be straight around waist where pant waistband normally sits.

### SLEEVE

With elbow bent, measure from the center of the back at the base of the neck, across the shoulder to the elbow and then down to the wrist.

### TAILORED FIT STYLES

Cut trimmer in the sleeves and body.
